If I died some time soon would you come to my funeral?

Would anyone be there?

If I needed some backup, would I be deserted?

Does anyone care?

Cuz' in these times

When I'm alone,

all I have to do is summon my memory,

of what I've got

and who they are

and then I wont feel lonely

Do I show up alone or someone comes with me

It's really not that bad

But still I feel a tingling of whose gonna hurt me

I shouldn't be scared

Cuz' in these times

when I'm alone,

all I have to do is summon my memories,

of what I've got

and who they are

and then I wont feel lonely
