"You walk so softly whisper almost anything
To keep, all your dirty little secrets hid from me
I see the ink, it's on your face
Stained like signs that show me where,
All your skeletons are locked, I'm waiting there

Pre Chorus:

Take the words, you saying back
Not careful what I wish for back
So sometimes it's harder than imagining

Chorus:

I don't wanna hear that now,
Take your stuff and get out
You lie through lips and eyes,
But still i know the truth
I don't wanna see your face in my mind I'll erase
Everything that you are,
And all that you were to me

I don't know why I'm so upset,
When I expected all of this
Brace for the worst, and still,
You cause the sky to stop
How could you leave me, while bleeding profusely
I'm begging, I'm in need or is that whatcha want

Pre Chorus:

Take the words, you saying back
Not careful what I wish for back
So sometimes it's harder than imagining

Chorus:

I don't wanna hear that now,
Take your stuff and get out
You lie through lips and eyes,
But still i know the truth

I don't wanna see your face in my mind I'll erase
Everything that you are,
And all that you were to me
I don't wanna hear that now,
Take your stuff and get out
You lie through lips and eyes,
But still i know the truth
I don't wanna see your face in my mind I'll erase
Everything that you are,
And all that you were to me
All that you were to me
All that you were to me
All that you were to me....."
