dressed all in white silk  
a pale ghost she floats till  
the snow is forgotten outside

by soft light of candlestick  
step two three four five six  
two pairs of feet slowly glide

wake up(!!!) wakeup(!!!)  
hear me im begging you  
wake up (!!!) wakeup (!!!)  
just not the same

A voice in the dark through  
a black veil is calling  
you cant understand what I say

So you dance with him all the time  
forget the world outside  
mostly its hard to tell  
both of you dance so well  
They're mad (!!!)  
If they think I believe the lie  
that shes alright now

he ceaselessly splices  
lyrical devices  
devising a way to her head  
or her heart at the same time  
while throwing a lifeline  
to save her if he should get in

screaming  
WAKE UP(!!!) WAKE UP(!!!)  
I cant dance the way you do  
WAKE UP(!!!) WAKE UP(!!!)  
I just dont know how  
alone in his mission and she in position  
for all to begin crashing down

dance with him all the time  
forget the world outside

mostly its hard to tell  
both of you dance so well  
They're mad (!!!)  
If they think I believe the lie  
that shes alright now  
that your all right now

So you dance with him all the time  
forget the world outside  
mostly its hard to tell  
both of you dance so well  
They're mad (!!!)  
If they think I believe the lie  
that shes alright now  
that shes alright now  
that your all right now  
that your all right now  
that your all right now
