Gimme ten minutes, If I don't come out, y'all come in  
The money stays in the car 'til I say so...  
Ayyo, whattup whattup, man  
This is what y'all niggaz is workin' wit' for 22 cents a gram?

Man, when I come up in here treat me like I'm fam  
I could go Uptown and get this shit for 16 cents a gram  
Bottom line is, man, I gotta cop and go  
I got a spot and I can't afford to stop the flow  
Poppi, what the fuck is the matter wit' ya Man?  
Standin' against the wall with a gun in his hand  
I ain't on no funny shit I'm on some get this money shit  
Every four days in PA I move another brick  
According to the DA I sold dope in VA  
my crew stay in Queens but my plates say VA  
I'll show you where I rest at, it aint hard to find me  
Let me buy a brick and get the other on cossimy  
(Hey, this life is hard man) I know, don't remind me  
If I catch another case I'ma kill Guiliani  
It ain't even safe to sell a pack at night  
Got task ridin 'round the projects on Mountain Bikes

[Chorus - repeat 2X]

NY ain't the same, it's OT playa  
you can go and cop coke from the corner Bodega  
hit the highway and take it to a town near you  
And get that money man, get that money man

[50 - singing]

Now, if you come to 1-3-4 and I'm not around  
That means I copped and I went outta town  
You motherfuckers know how I get down  
About my money man, about my money man
