Pick up your telephone
I'm calling you at home
It's Friday night and we go hardcore clubbing

The disco light is on
The party beat is strong
The guys already gone
Better get going

Go, go, pick up you telephone
Go, go, go, go

Bout to get fiction, in the dancing room
Move with the flow, to the funky groove
About to get toxic, in the smoke machine
With you baby, with you baby, baby
About to get fiction, in the dancing room,
Move with the flow, to the funky groove
Try with me baby, behind the screen
With me baby, with me baby, baby
Baby, with me baby, baby

Come on and fix you up
I'm pulling up my truck
It's freaky Friday, we'll go cha cha dancing

The local bar is closed
Our bodies are disposed
The party beat is hot
Better get going

Go, go, pick up you telephone
Go, go, go, go

Bout to get fiction, in the dancing room
Move with the flow, to the funky groove
About to get toxic, in the smoke machine
With you baby, with you baby, baby
About to get fiction, in the dancing room,
Move with the flow, to the funky groove
Try with me baby, behind the screen

With me baby, with me baby, baby
Baby, with me baby, baby

Pick up your telephone
I'm calling you at home
Pick up your telephone
I'm calling you at home
Pick up your telephone
Pick up your telephone
Pick up your telephone
Pick up your telephone
Call meeeeeee!!!!

Bout to get fiction, in the dancing room
Move with the flow, to the funky groove
About to get toxic, in the smoke machine
With you baby, with you baby, baby
About to get fiction, in the dancing room,
Move with the flow, to the funky groove
Try with me baby, behind the screen
With me baby, with me baby, baby
Bout to get fiction, in the dancing room
Move with the flow, to the funky groove
About to get toxic, in the smoke machine
With you baby, with you baby, baby
About to get fiction, in the dancing room,
Move with the flow, to the funky groove
Try with me baby, behind the screen
With me baby, with me baby, baby
