One Shot

One Shot is all you've got to give me what I need  
One Shot is all you've got to satisfy me  
One Shot, you give and I get  
No romance, no kind of regret  
Ooh, what a bitch I am, you're just another man

Yeah!

Dam Dam,  
Da da da da  
Dam Dam

Yeah!

One look and you'll strip for me  
No sweet words are necessary  
You'll think you're on the right track  
But I'm the riddle you can't figure out  
So stand back

Coz I am  
The reason you're electrified  
Yes I am  
Your very first and last, yeah  
Ain't no saint  
Coz I know that I will keep on playin'

Ooh, yeah!  
One Shot is all you've got

One Shot is all you've got to give me what I need  
One Shot is all you've got to satisfy me  
One Shot, you give and I get  
No romance, no kind of regret  
Ooh, what a bitch I am, you're just another man

No doubt, you entertain me  
You don't dare to stop or keep me waitin'  
Gimme, gimme, gimme all you've got

Touch me, taste me, feel me  
It's burning where it's hot

Coz I am  
The reason you're electrified  
Yes I am  
Your very first and last  
Ain't no saint  
Coz I know that I will keep on playin'

Ooh, yeah!  
One Shot is all you've got

One Shot is all you've got to give me what I need  
One Shot is all you've got to satisfy me  
One Shot, you give and I get  
No romance, no kind of regret  
Ooh, what a bitch I am

One shot is all you've got to give me what I need  
One Shot is all you've got to satisfy me  
One Shot, you give and I get  
No romance, no kind of regret  
Ooh, what a bitch I am, you're just another man

Feast your eyes while you can  
Til I conquer another man  
Feast your eyes while you can  
Til I conquer another man

One Shot is all you've got to give me what I need  
One Shot is all you've got to satisfy me  
One Shot, you give and I get  
No romance, no kind of regret  
Ooh, what a bitch I am, you're just another man

One Shot is all you've got to give me what I need  
One Shot is all you've got to satisfy me  
One Shot, you give and I get  
No romance, no kind of regret  
Ooh, what a bitch I am, you're just another man
