Living in the dead zone, my foreplay  
Takes place in the land where cadavers decay  
Every Friday night I go out to the necropolis  
And take my situation to the max and get on top of it  
People think I'm sick and I never deny it  
I just tell the people not to knock it till they try it  
But nobody understands, they think I'm sick in the head  
Just because I am obsessed with making love to the  
dead  
I'm a necrophiliac  
I'm in love with the dead, no I'm not smokin' crack  
My wife dropped dead just a couple years back  
"'Til death do us part" is a load of horse crap  
Take it from me 'cause we're still in love  
Got an everlasting blessing from the Man up above  
My wife is the best, she makes me feel dizzy  
Me and the corpse are gonna get busy

[Chorus]

Wham! Bam! Thank you ma'am  
Those underground are the best in the land  
Wham! Bam! Thank you ma'am  
If the dead can't do it, no one can

Dead things rule, I mean nothing goes wrong  
Man I never hear complaints about how big or how long  
Many people think it's sick just because the body's cold  
But I love bein' the one in total control  
She never talks back, she doesn't even say no  
She doesn't care if I'm diggin' her up fast or slow  
And girls if you're looking for the man of your dreams  
You can dig him up anywhere and I guarantee  
That he'll be hard, but now back to me  
The thing I like about it is so easy to see  
I can go anywhere and I'll always have a date  
She's all I ever wanted and she never comes late  
Birth control, don't need none of those things  
Dead things can't reproduce more dead things  
Bones and rotting skin are nice to the touch  
And the worms and the maggots don't mind too much  
Cadavers look cool when they're dressed up in charms

Just as long as she doesn't fall apart in my arms  
If you can't see it my way, don't give me flack  
Carcasses are sexy when they're flat on their back

[Chorus]
