It's a wild chance  
You take a passion stance  
Everything is touch and go  
Everything is Magico  
Who you tease  
You wanna please  
Who you please  
You'd follow  
What do you do with the urge?  
Going for broke, going for bravado  
When you go, go for all you know  
Everything is touch and go  
Everything is Magico  
What do you do with the urge?  
You wanna set your hunter's sights  
You wanna hit the stars tonight  
You wanna use your magic rights  
You wanna hit the stars tonight  
Go with the urge
