So clever, whatever, I'm done with these endeavors  
Alone I'll walk the winding way (here I stay)  
It's over, no longer, I feel it growing stronger  
I live to die another day, until I fade away

Why give up? Why give in?  
It's not enough, it never is  
So I will go on until the end  
We've become, desolate  
It's not enough, it never is  
But I will go on until the end

Surround me, it's easy, to fall apart completely  
I feel you creeping up again (In my Head)  
It's over, no longer, I feel it growing colder  
I knew this day would come to end, so let this life begin

Why give up? Why give in?  
It's not enough, it never is  
So I will go on until the end  
We've become, desolate  
It's not enough, it never is  
But I will go on until the end

I've lost my way  
I've lost my way  
But I will go on until the end

Living is, hard enough, without you fucking up

Why give up? Why give in?  
It's not enough, it never is  
So I will go on until the end  
We've become, desolate  
It's not enough, it never is  
But I will go on until the end

I've lost my way  
I've lost my way  
But I will go on until the end

The final fight, I win  
The final fight, I win  
The final fight, I win

But I will go on until the end
