In your flesh, in your bone for my niggers you kill
This is way more than rap, this shit's real

Look my guns keep shooting, my targets keep bleeding
The coppers still trying, my cars keep speeding

But I keep counting my money, in big ,
Making new hits, you keep fucking around
That's one less nigger, one less clown
We shot one asshole, one less headache
Money's more important , enemies
While pw keep shining, keep going
Won't stop for nothing, nah, I keep going
, I keep flowing, tsunami rap, you can drown in my
ocean
Dope shit you're not careful what you doing
Keep digging you something sweet and get rolling
Your time is up, it's time for , new shit

Your whole murders mean nothing to me nigger,

I just squeeze while pleasing and my bullets is ,
In your flesh, in your bone for my niggers you kill
This is way more than rap, this shit's real

I put the niggers on life support, sheez
Around here you got no right to ,
Talk talk ,
I put in my own work when I knock them off
So go ahead and act wild , the things that I rap now
