

## Until June "Unnoticed"

Visit "[Unnoticed](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Raindrops falling on the roof top, leave me feeling  
lonely  
Left here sitting, left here on my own  
Poison ashes, fill my lungs deep, with sounds of  
silence  
Smoking lies of where to search for love

And the years go on and on  
And the days go by  
Oh I was unnoticed...

Now I'm older, I've passed this over, I've watched my  
life grow colder  
Holding tighter and never letting go

And the years go on and on  
And the days go by

Oh I was unnoticed...

Well I need you inside cause I feel so untied  
And I don't know why, no I don't  
Oh how I need you inside cause I feel so untied  
And I don't know why, no I don't
