You ought to know by now
Love is the look in my eye
Lovin' the way you smile when I say
"I wish you would stay."
You bring out all the youth in me
I laugh and cry out all the truth in me
Out o' love
You should know by now
Haven't you felt by now
Just what it's like to be loved
Knowin' that certain touch when you're sure
Time won't give you more
You bring out all the best in me
I wanna hold you till you feel the need
Somehow
You should know by now
If I could just find the words
I wouldn't be left so lonely
I'm your one, my only
Then I'd show you how
Every move as smooth as silk
Say you will; say you will
Hasn't it crossed your mind
Haven't you known all the time
Honestly tell me now
Has it shown?
How much love is grown
The way I tremble at the sight of you
I want to learn to love you through and through
This I'll beg
You should know by now
Hmm-mmm
By now
You should know by now, oh
Don't you think you should know by now
Ooh...
