rowin' up we swore we came from nowhere  
three stoplights right off the interstate  
And always dreamed that one day we'd be leavin'  
Yeah the years went by and we could hardly wait

Last time we saw that town  
we were draggin' cans  
just married written  
on the windows of my van

But I guess nowhere is somewhere  
She'd rather be  
Yeah right back in the last place  
she ever thought she'd see

And I guess lovin' me is harder than  
it appears to be  
cause she'd rather be nowhere  
than somewhere with me

Came up here to some place people heard of  
And drove these city streets like a wanted man  
But I guess I was too hard to hang onto  
Yeah goin' back was never in her plans

Man I though that nothin'  
could make her leave this place  
other than a goodbye  
that's the hardest thing to face

But I guess nowhere is somewhere  
She'd rather be  
Yeah right back in the last place  
she ever thought she'd see

And I guess lovin' me is harder than  
it appears to be  
cause she'd rather be nowhere  
than somewhere with me

When I think about what she'd gone back to

Then I think about what I put her through  
And I guess nowhere is somewhere  
she'd rather be  
yeah right back in the last place  
she ever thought she'd see  
And I guess lovin' me is harder than  
it appears to be  
cause she'd rather be nowhere than somewhere  
yeah out there  
than right here  
nowhere than somewhere with me.  
Than right here with me.
