Now the song's beginning
Here's the second line
The first verse is almost finished
Aren't we doing fine

And here comes the chorus, won't you sing along
Join us in the chorus, the chorus of this song
Ooooooooooh Ooooooooooh

Second verse already
Isn't singing fun
We could sing this verse all night but whoops
The verse is done

And here comes the chorus, won't you sing along
Join us in the chorus, the chorus of this song
Ooooooooooh - Ooooooooooh

Here's the middle eight in the middle
Eight bars long

This is the six-bar instrumental ...

The third verse is the sad verse
It's like leaving an old friend
We've got to say goodbye now
Because we've reached the end
Yes it's the end

Except for the chorus, won't you sing along
Join us in the chorus, the chorus of this song

Here comes the chorus, won't you sing along
Join us in the chorus, the chorus of this song
Ooooooooooh - Ooooooooooh

Here's a problem how to end it
Sing the last line
Once more with feeling
The chorus of this song
