You had your love for sale and i bought it
Thought it was a steal til i lost it
How could i change who i was
For someone i'm not even proud of
I'm telling this to you because...
I've finally had enough

I'm taking every breath,
Taking every minute
This is my world and you're just living in it
I'm walking away right now,
Before you leave
Taking back the day
Sleeping through the nights
This story of love gone wrong needs a happy end
'Cause this is my life again!

I gave you my heart and you knew it
Under my skin in my head i let you do it
If walkin away is so easy
Then why is forgetting so hard
I need your memories to leave me
And i know where to start...

I'm taking every breath,
Taking every minute
This is my world and you're just living in it
I'm walking away right now,
Before you leave
Taking back the day
Sleeping through the nights
This story of love gone wrong needs a happy end
'Cause this is my life again!

The sweetest Revenge
Is having you knowin
That this is my life again....

Taking every breath,
Taking every minute
This is my world and you're just living in it

I'm walking away right now,
Before you leave
Taking back the day
Sleeping through the nights
This story of love gone wrong needs a happy end
'Cause this is my life again!

The sweetest revenge
Is having you knowin
That this is my life again
