I see your picture in a photo

I hear the breeze at the window

After all this time I know that you're comin' home

A rain shower droplets

Sunshine in the meadows

And I never ever want to ever let you go

And I feel you holdin' me in your arms

Tellin' me everything is going to be okay

And I'll wait for you

Like a flower waits for water

And I'll go on lovin' you

I can't make it stop

It's just something that my heart does

I hear you singin' in the hallway

I see your hangin' up your coat, and smile

And the words "I love you" ring like a lullaby

I keep all your love letters

And your kisses beside my bed

And I'll never ever forget the words you said

And I'll wait for you

Like a flower waits for water

And I'll go on lovin' you
I can't make it stop
It's just something that my heart does
Your life's like a candle
Your voice like a song in June
When I'm feelin' down I always think of you
And I'll wait for you
Like a flower waits for water
And I'll go on lovin' you
I can't make it stop
And I'll wait for you
Like a flower waits for water
And I'll go on lovin' you
I can't make it stop
It's just something that my heart does
It's just somethin'
Oh, it's just somethin'
Oh, it's just something that my heart does.
