Crazy things like funny bones are what you really need
It's kinda like a vagabond who's been kicked between
the knees
I know it doesn't make any sense, but that's just what I
mean
I little of this and some of that and maybe some TLC

[Chorus]
And now you're crumbling into pieces
I know, I know
And now you're crumbling into pieces
I know, I know

Stand up in the middle of a movie, got to get me some
fresh air
It was there that reminded you of something that you
once shared
The mind is altering reality, which way is up, and which
way is down
Reachin' out for something to grab, but keepin' it really
round

[Chorus]

Have you ever walked in the rain with your tongue
hanging out
Have you ever watched an old man and asked him
what he's all about
I know it doesn't make any sense but that's just what I
mean
A little of this and some of that and maybe some TLC

[Chorus x2]
