Welcome to my world, I hope you understand it well
Take your time and look around, I know I'll show you
how
Well everything goes round and round, you're feeling
upside-down
But you have a drink, you have a smoke, you kick one
back, and your feet are firmly on the ground

Well, got to be on my way, you know I'll say farewell,
But I won't be leavin' you, not without my big fat smile
I'm takin' my time, I'm lookin' around, I'm takin' it all
with you
I'm havin' a drink, I'm havin' a smoke, I'm kickin' one
back and I'm feelin', I'm feelin' alright...

I'm feelin' alright...
Well are you feelin' alright...
Yeah!
I said, you feelin' alright?
