I'm wakin' up
The stage has been set
You gonna say those words
The ones you'll regret

And you can see from my eyes
And you can see from my face
That I've already walked away
A thousand times since yesterday

I'm probably better off on my own, yeah
We keep on running but it's been so long
That we got nothing to say
Ooh, you're a little too late
You're just a little too late

Wanna touch you again
And feel the warmth of your skin
But I don't wanna hear those words
Once we begin

'Cause I can see in your eyes
And I can see in your face
That you've already walked away
A thousand times since yesterday

I'm probably better off on my own, yeah
We keep on running but it's been so long
That we got nothing to say
Ooh, you're a little too late
Oh, yeah

On my own, yeah
We keep on running but it's been so long
That we got nothing to say
You're just a little too late
Ooh, you're a little too late

Whoa, whoa, whoa-oh
Whoa, whoa, whoa-oh
(You're just a little too late)

Whoa, whoa, whoa-oh
(Oh, yeah)
Whoa, whoa, whoa-oh
(You're just a little too late)
Whoa, whoa

Probably better off on my own, yeah
We keep on running but it's been so long
That we got nothing to say
Ooh, you're a little too late
Oh, yeah

On my own, yeah
We keep on running but it's been so long
That we got nothing to say
You're just a little too late
Ooh, just a little too late
You're just a little too late
