Well, you've been on my mind
And I don't think I have the time
To listen to your voice

I've heard it all before
It's been seeping through the floor
Shut behind closed doors

But I can see right through you now, yeah

The beneficial lies
Are told to keep us with closed eyes
Shading what's in store

I guess it's up to me, yeah
To find the lock and turn the key
And open up these doors

But I can see right through you now

Oh yeah, I'm Superman
A three-piece suit, a master plan
Here I come to save the day

Oh yeah, I'm Superman
A three-piece suit, a master plan
Here I come to save the day, yeah, yeah

And you've been on my mind
I don't think I have the time
To listen to your voice

I've heard it all before
It's been seeping through the floor
Shut behind closed doors

But I can see right through you now

Oh yeah, I'm Superman
A three-piece suit, a master plan
Here I come to save the day

Oh yeah, I'm superman
A three-piece suit, a master plan
Here I come to save the day, yeah, yeah

I don't wanna follow
You can't make me follow
I don't wanna follow
You can't make me follow now, yeah

Oh yeah, I'm Superman
A three-piece suit, a master plan
Here I come to save the day

Oh yeah I'm Superman
A three-piece suit, a master plan
Here I come to save the day, yeah, yeah
