Looking into your eyes
I see all i want to be
And i don't want it to end

If i could only put to words the way
I see you
I only know I had an angel with me now

And when i fall asleep
You're all that I see
You're in my thoughts
And all of my prayers
I wish I could be
All that you mean to me

My angel without wings
My angel

I wish you could see
All that you mean to me
But i can never find the words
To tell you

And when i fall asleep
You're all that I see
You're in my thoughts
And all of my prayers
I wish I could be
All that you mean to me

And when i fall asleep
You're all that I see
You're in my thoughts
And all of my prayers
I wish I could be
All that you mean to me
My angel without wings
