I see you lookin' so good girl
I'm on a move and its so good girl
But I see an obstacle there girl
Is that your protection staring right there girl

You see I'm the g that makes u see
Not trying hard so dont call me freaky
All I want to do is to know u better
Got something we can do together
Its u and me not a party of 3
Gettin intimate and into it and no one should
Wanna go but your girl is messin my flow
So let her know she cant come round here no more

Chorus:
No your friend cant ride with me
Some and step inside w/me
Got a big surprise you see
No, your friend cant ride with me

When I approach I'm on the creep girl
Too much drama from your friend girl
She dont have a man to hold girl
Jealousy is what i see girl

U need a bad boy in your life
I'm breakin beds and blowin out lights
I want to know u better
Got somethin that we can do together
Dont let the neighbors hear our sounds
Gonna take u to my place to luv u down
My intentions are clear got nothin to hide
But NO!! your friend cant ride

Chorus X 2

Rap:
I'm the thunder and lightnin in your life
Its all about me and u and that's right
I dont care if she likes me or not
But there are things to do at my crib that rocks

We can make the bed or break it down
Why do u have to bring your friend around?
She cant breathe on your neck and make u feel sexy
Unlike me strictly NG

Chorus X 3
