(Chorus)

No rapper in the world wants to leave this game,
If you leave this game....
You can leave in hame,

(Enter)(MCM)

[Verse 1]

I feel caged and trapped, it's like my veins have snapped,
I can't rap no more- nothing's as lame as rap,
This rap game is whack, nothing can change it back,
If I quit tommorro', y'all can blame this crap,
This is hanus rap, I hate this crap,
I'm so sad -which is why I fucking made this track,
Nobody said there was this much pain attached,
I'mma leave this game with a pain attack,
Can't slit my wrists -I'm sick of this:
This is it -bitch, I've quit -that's it,
No more holdin' back: I'm over rap,
I feel like an athlete who's being overlapped,
Once liked the game, can't find the page,
So I can't find the right fuckng rhyme to say it,
Once I leave this game -gotta hide the pain,
Gotta exit the stage and hide away,
(Chorusx4)

[Verse 2]

Can't hide the pain, I like the game,
Since I started rap my whole life has changed,
But it's over now, it's time to fade,
Time to pack my bags and put the mic away,
And this album took a lotta time to make-
I didn't sleep: I worked the whole nnight and day,
So when I quit I'mma throw my whole life away,
It's not nice, but I got nothing nice to say,
But I'm over rap, can't hold it back,
So I'mma leave for real with no bonus track,
There's no hope for rap, I've noticed that,
I got no clue why I even chose to rap,
No rapper in the world wants to leave this game,
But it's gotta happen -like a season change,

It's the one thing that makes all MC's insane,
Once you leave this game, you gon' sleep in pain,
But it's quite alright, 'cuz my time is up,
And I'm quite relieved 'cuz I've rhymed enough!
No more MCM, no more lyricist,
This is it -bitch, I've quit -that's it.
(Chorusx4)
(fade out)
