IÃ¢â¬â been down and out of my luck, working
hard to survive,
They hitting me with that bullshit, I pay them niggers no
money
They got a wrist full of dollars and a mouthful of lies,
They got a wrist full of dollars and a mouthful of lies,
IÃ¢â¬â been down and out of my luck, working
hard to survive,
They hitting me with that bullshit, I pay them niggers no
money
They got a wrist full of dollars and a mouthful of lies,
They got a wrist full of dollars and a mouthful of lies,

IÃ¢â¬â been down and out of my luck, working
hard to survive,
They hitting me with that bullshit, I pay you niggers no
money
They say itÃ¢â¬âs all about timing, what the fuck
they know about timing?
Should I say just like you said then we pray to Lord,
forgive.
Fucking critics criticizing how I write and I deliver it
You wanna form an opinion, nigger, ask me for
permission.
DonÃ¢â¬ât know my life and do my job when times
get hard IÃ¢â¬âve been through the storm,
Fucking beef searching, summer curtain, but a nigger
wonÃ¢â¬ât stop Ã¢â¬âtill it grows curtain.
And IÃ¢â¬âm a long way from Mckaffin, I prove you
niggers IÃ¢â¬âm bossing,
Get a sour taste and a funny face, Ã¢â¬âcause my
name they hear it often.
Get used with that, I wonÃ¢â¬ât mess with rapping,
I ainÃ¢â¬ât got to pay a nigger to survive with that
Get used with that, I wonÃ¢â¬ât mess with rapping,
I ainÃ¢â¬ât got to pay a nigger to survive with that.

IÃ¢â¬â been down and out of my luck, working
hard to survive,
They hitting me with that bullshit, I pay them niggers no
money

They got a wrist full of dollars and a mouthful of lies,
They got a wrist full of dollars and a mouthful of lies,
IÃ¢â¬â been down and out of my luck, working
hard to survive,
They hitting me with that bullshit, I pay them niggers no
money
They got a wrist full of dollars and a mouthful of lies,
They got a wrist full of dollars and a mouthful of lies,

These days got bitch tall, short break, never love a
bitch like Josseane,
Momma say get the sex out of my bed, or I turn the
sweet dreams into a nightmare
I donÃ¢â¬â want no trouble, wolf stink shit if you
act too humble
Funny how a big boy turn to a mumble when I gotta
throw a crew and itÃ¢â¬âs back to the huddle.
Niggers ainÃ¢â¬â ready for the big race, shotgun
niggers stay in front for the six piece
Pay the young nigger, sell them big dreams, and they
give fine in the country history.
This is, hit with the big flip claws that clung from the
miles get the winds clip
Mouthful of lies, switch the budget on a mid flick,
momma she a jack and you still ainÃ¢â¬â seen
shit.
Damn, nigger, donÃ¢â¬â say it, nigger,
ainÃ¢â¬â just told it to throw it in the bag
Quit cocaine, Ã¢â¬â because itÃ¢â¬âs all in a gag,
had a little fame, now youÃ¢â¬âre running off your
last.
Feels like IÃ¢â¬âm born every minute, man, I even
get served like tennis
Fuck with me, son of the cities, got to keep these fuck
niggers up, brought your business.

IÃ¢â¬â been down and out of my luck, working
hard to survive,
They hitting me with that bullshit, I pay them niggers no
money
They got a wrist full of dollars and a mouthful of lies,
They got a wrist full of dollars and a mouthful of lies,
IÃ¢â¬â been down and out of my luck, working
hard to survive,
They hitting me with that bullshit, I pay them niggers no
money
They got a wrist full of dollars and a mouthful of lies,
They got a wrist full of dollars and a mouthful of lies.
