And this is my story.
My face, the picture's changed
Do you remember me
Now I'm fighting to breathe
It's been such a long time

Do you want to come
Do you want to come
Do you want to come with me now

Nothing here for me now
I can't believe the noise
We'll take this place apart
I won't be here for long
I know they'll find me soon

But now the weakness comes
I'll question everything
I'll trade new dreams for old
I've been waiting for you
I've waited far too long.
