Can you feel it
This killing obsession
You know we're coming, you know we're coming
Can you feel it
We're the exhibition
Unknown and hostile we breath for you
Can you feel it
We're the new obsession
Can you feel it
We're the new disease.

You won't like it
Images of lovers
I don't need it, I don't need it
You won't like it
We believe in nothing
I don't remember did God retire
You won't like it
We're the new religion
You won't like it
We're the new disease.

Can you feel it
Can you feel it

You won't like it
We're the new religion
You won't like it
We're the new disease
You won't like it
We're the new obsession
You won't like it
We're the new disease.
