Who's that makin' out with an angry mind?  
Fearful, dark and wandering  
Futile practice with the wisdom of the changes  
Concentrating on the blind

I said, "Oh yeah, it's already started  
No way to stop the hands of time  
Oh yeah, evil is all around you  
Throw back your wishes and enter the circle"

Harvest the center of now  
I've already enlightened you how  
Follow the meaning of night  
And enter the circle of life

Who's that lighting fires in the sky?  
Raisin' signs of self-despair  
Callin' up spirits that need not be disturbed  
Makin' choices very clear

I said, "Oh yeah, it's already started  
No way to stop the hands of time  
Oh yeah, evil is all around you  
Throw back your wishes and enter the circle"

Harvest the center of now  
I've already enlightened you how  
Follow the meaning of night  
And enter the circle of life

Harvest the center of now  
I've already enlightened you how  
Follow the meaning of night  
And enter the circle of life
