Take, take a look behind you
A little look inside you
'Cause all you've known has gone up and down
[Incomprehensible] well I'm just a little bit angry

Yeah, a little bit angry
'Cause all I've got is this shell, I've found
I know, how long
Until you all fall down

All I've got is dead
You're not effective is all I'm fed
All I've got is dead
So for the time I'm gonna live in my head

Look, you look at those who have told you
Yeah, those who have sold you
They pretend they're on higher ground
[Incomprehensible], well I say, burn those that scold
you

'Cause it was those before you
Who created this Hell, I've found
I know, how long
Until you all fall down

All I've got is dead
You're not effective is all I'm fed
All I've got is dead
So for the time I'm gonna live in my head

All I've got is dead
[Incomprehensible]
All I've got, all I've got is dead
So for the time I'm gonna live in my head

From the time you get up, til the time you lay cold
Till the time you wake up in your life, you're already old
Does a life that breathes, take time to heal your head
It doesn't matter 'cause you're already dead

You're dead, you're dead, you're dead, you're dead

You're dead, you're dead, you're dead, you're dead
You're dead, you're dead, you're dead, you're dead
