

U.P.O. "The Hurt"

Visit "[The Hurt](#)" on MotoLyrics.com

So close but we both seem miles away
I've been so tired and it's too late to end the day
So ends the wait and we both need not wonder why
Cold heart and cold winds too lost to watch good-byes
Her life has been a twisted lullabye
Midnight always seems to clear her sight
So ends the wait and we both need not wonder why
Cold heart and cold winds too lost to watch good-bye
Always the calm, Always the storm
It breaks just before the sun
Two strangers fall away and know the end's begun
And the hurt just comes again
