She's a cold bitch  
Yeah she's fuckin' crazy  
Don't even know how many  
Times she's betrayed me

She gets a thrill  
from torturing her lover  
She gets off on  
Seeing how they suffer

Yeah -- love could live  
Love could die  
Makes no difference why.

I can see there's only one thing on your mind  
I can see right thru you  
And in just one word  
I can describe

Desperation  
Now you got a taste of  
Desperation  
Don't you come running back to me

She said that we would  
Always be together  
But I'm much better  
Ever since the ties been severed

Cuz the blow was hard  
The blow was deep  
Forever always this scar  
Apart of me
