I swear sometimes
I'm about to lose my mind
But other times
I feel happy baby
Thank you for being kind
Letting me make up my mind
Just give it time
I'll make ya happy baby

Why can't this life be good enough for me?
Why can't I see?

She don't need the sun
Don't need the stars
She's happy right here
Where we are
She's happy here with me.

I don't know where to start
When everything just falls apart
In my heart
I just wanna be happy baby
Sorry for the way things are
Yeah I know it must be hard
Must be hard
Living with me sometimes baby

Why can't this life be good enough for me?
Why can't I see?

She don't need the sun
Don't need the stars
She's happy right here
Where we are
She's happy here with me.
