Four in the mornin' and she's startin' to creep
She hears her husband snorin' under the sheets
She checks the children and they're fast asleep
Her daughter's boyfriend's waitin' out in the street

No more tranquilizers next to the bed
No glass of wine gonna cure the noise in her head
These days she drinks a fifth of whiskey instead

Time is priceless, my advice is
Go ahead baby have your midlife crisis

She had a baby at just 18 years old
Had dreams of college but she never enrolled
She was always such a good girl always did like she
was told
The perfect wife and mother out of control

Time is priceless, my advice is

Go ahead baby have your midlife crisis
Go ahead, Go ahead
Go ahead baby have your midlife crisis
Go ahead, Go ahead
Mama got a bag of brand new vices
Go ahead, Go ahead
She's gonna find out just how fast life is
yeah, yeah, so go ahead

God get me out of this one and I won't get drunk again
She said God get me out of this one and I won't get
high again
She don't even know what's goin' on inside her head
yeah, yeah, I won't get high again

I'll listen to all your wisdom and then God said

Time is priceless, my advice is
Go ahead baby have your midlife crisis
Go ahead, Go ahead
Go ahead baby have your midlife crisis

Go ahead, Go ahead
Mama got a bag of brand new vices
Go ahead, Go ahead
She gonna find out just how fast life is
yeah, yeah, so go ahead
