i'm not a man on the move,
i'm always eating or sleeping
and i've got nothing to prove,
never trying so thanks for lying
to your friends and your family about why i'm not
around
i'm not proud of it
and i won't grow out of it
so what do you wanna do tonight?
cause i'm growing out,
i'm not growing up
what you'll want to do to me is animate the face i make
my eyes rolling backwards and all around town
what do you mean that we should lie to everyone about
tonight?
you wanna make a bet i'll win it back before i lose it
again?
i'm growing out, not growing up
