UP, UP, DOWN, DOWN

Up, Up, Down, Down, Left, Right, Left, Right  
B, A, Select, Start, I'm trying to unlock your heart  
From years of walls, and when Hyrule falls  
I'm hoping that the things I do are working to connect  
with you.

I see that you frequent my shop  
I'd like for you to know my name,  
the call me box 138

I think, we are due, for a walk  
Cause like me you pull from the middle,  
and skip the books up on the top, so...

Up, Up, Down, Down, Left, Right, Left, Right  
B, A, Select, Start, I'm trying to unlock your heart  
From years of walls, and when Hyrule falls  
I'm hoping that the things I do are working to connect  
with you.

I wish I could know what you dream  
Are you flying high without a care?  
Do people often stop and stare?

Cause you're both a girl and fan  
I bet it's hard to join the rest  
with fanboys staring at your chest, so...

Up, Up, Down, Down, Left, Right, Left, Right  
B, A, Select, Start, I'm trying to unlock your heart  
From years of walls, and when Hyrule falls  
I'm hoping that the things I do are working to connect  
with you.

Even though it's improbable, it seems that this could go  
my way  
I should take a risk, then like Wilson Fisk, be the  
Kingpin of this day  
then you turn around and say hello, and everything's

okay

That night, when we went on a date  
our goals in life we talked about while sipping on a  
Guinness stout  
until we drove back to your place  
I said we should do it again  
that's when you stabbed me with a pen  
because you planned to murder me  
cause you've been stalking me for weeks  
and then shoved me in your house  
and punched me hard right in the mouth  
and warned me that I shouldn't scream  
or you'd gut me like Wolverine  
this date had turned out kinda sucky  
i thought i was getting lucky  
not cut up in little bits  
and served up as your favorite dish  
she's a man-eater I'm told  
like the song from Hall & Oates  
influenced by The Temptations  
played on the 60's on every station  
I don't know where this song will end  
but I don't care because I'm dead

Whoa oh, cause I'm dead  
Whoa oh, cause I'm dead  
Whoa oh, cause I'm dead  
Whoa oh, cause I'm dead  
I'm dead, I'm dead, I'm dead
