"Feels Like Home"

And it feels like, and it feels like, and it feels like, and it
feels like
And it feels like home

I don't know why, I don't know who can help me
I feel it from my fear, my body's raising
I've got your hand in my hand and my hand feels like
sand
My head is flying in a higher place in space

I want to go and move away
I'd like to take you if you dare

And it feels like, and it feels like, and it feels like, and it
feels like
And it feels like home
And it feels like, and it feels like, and it feels like, and it
feels like
And it feels like home

I want to go and move away, I want to grow on my faith
So I can float in the air, I'd like to take you if you dare

And it feels like, and it feels like, and it feels like, and it
feels like
And it feels like home
And it feels like, and it feels like, and it feels like, and it
feels like
And it feels like home
And it feels like, and it feels like, and it feels like, and it
feels like
An it feels like home
And it feels like, and it feels like, and it feels like, and it
feels like
It feels like home.
