Performed by Eve

[Teflon]

Yeah, c'mon

Teflon c'mon, c'mon, c'mon

Ruff Ryders, c'mon, c'mon, c'mon

Def Jam, uh, uh, c'mon

[Eve]

Yo, yo

Many they cop shit, but for me, I drop shit and they cop it

Stay to myself most the time but still they plot shit

Bitches that's unstable, I can't be involved

'Less they wanna take it back to the street

and problem solved, touching y'all

For me, I try to chill on the chicken shit

Sit back, do E, mastermind my business shit

Do that, screw all these cats that's tryin' to end this shit

Hate me for the rest of your life

I'm just beginning it

Uh, you wanna ride, right?

Say anything for the limelight

Just need to let me be, huh

Do you? Cuz I'ma do me

Uh, you wanna ride, right?

Say anything for the limelight

Just need to let me be, huh

Do you? Cuz I'ma do me

I'ma make up just my make up, nothing fake though

Bitches generate bullshit, I generate dough

On the roll now, got control and I'ma keep it, made my
move

While y'all got comfortable, while y'all was sleeping

I remember being broke and I ain't trying to fall back

Nobody listening to my shit and I ain't get no call back

Ain't no way that I can happen to lose it

Take my word, I'ma keep slanging shit, making hits

Niggaz, ya heard, uh

Uh, you wanna ride, right?

Say anything for the limelight

Just need to let me be, huh

Do you? Cuz I'ma do me

Uh, you wanna ride, right?

Say anything for the limelight

Just need to let me be, huh

Do you? Cuz I'ma do me

Yo, yo, aiyyo

You deal wit the wild one when she comes around

trottin' down, stallion? Got they mouths open now
Bitches frown and I can't letcha
Just to get attention they will wear less
Stayin' mad at me but I'ma be fearless
Ryde or Die chick; you know how I get down
50 dogs or more when I come through, how I get round
Got enough stress so my brain stops to stretch
from today and I ain't even stressin' no names
Cuz I'm different; nothing like you bratty chick bitchin'
Nothing like you whinin' ass niggaz that's scared to itch
it
What is it that you really want?
Beggin' for you chance then you front
Runnin' far away that you can stun on this one here
E-V-E is ready for you fake and all gear
Smile at my front, y'all use to eat it at my rear
Told you from the first attack, you should've been
prepared, huh
Should've listened
Uh, you wanna ride, right?
Say anything for the limelight
Just need to let me be, huh
Do you? Cuz I'ma do me
Uh, you wanna ride, right?
Say anything for the limelight
Just need to let me be, huh
Do you? Cuz I'ma do me
