Fer sure maybe, fer sure not
Fer sure eh, fer sure bomb

Pulled up at a stop light
Did drugs on the dashboard
Look at the mess we made tonight

Kick off your stilettos (oh yeah)
Kick off your stilettos
And fuck me in the backseat
Fuck me in the backseat
You're always falling in disguise
And always quick to compromise

Kick off your stilettos (oh yeah)
Kick off your stilettos
And fuck me in the backseat
Fuck me in the backseat

Fer sure maybe, fer sure not
Fer sure eh, fer sure bomb

This is the end of what we planned
Of what we planned
And now

We're not falling in love
We're just falling apart
So girl let's dance the night away
This is how the beat goes
This is how the beat goes
Just let your body go

This is how the beat drops
This is how the beat drops
I wanna see your panties drop girl now
All this time is wasted pretending we're in love
But that's alright cause you know
I love being with you and seeing you cry

Don't let go

Don't let go
Don't let go

Fer sure maybe, fer sure not
Fer sure eh, fer sure bomb

Pulled up at a stop light
Did drugs on the dashboard
Look at the mess we made tonight

Kick off your stilettos (oh yeah)
Kick off your stilettos
And fuck me in the backseat
Fuck me in the backseat
You're always falling in disguise
And always quick to compromise

Kick off your stilettos (oh yeah)
Kick off your stilettos
And fuck me in the backseat
Fuck me in the backseat

Fer sure maybe, fer sure not
Fer sure eh, fer sure bomb

This is the end of what we planned
Of what we planned
And now

We're not falling in love
We're just falling apart
So girl let's dance the night away
This is how the beat goes
This is how the beat goes
Just let your body go

This is how the beat drops
This is how the beat drops
I wanna see your panties drop girl now
All this time is wasted pretending we're in love
But that's alright cause you know
I love being with you and seeing you cry

Don't let go
Don't let go
Don't let go

No jkjkjk lololol
I heart your fucking makeup
Oh my god, I love your hair
Is that a new tattoo?

Did that piercing fucking hurt?
No jkjkjk lololol

We're not falling in love
We're just falling apart
So girl let's dance the night away
This is how the beat goes
This is how the beat goes
Just let your body go

This is how the beat drops
This is how the beat drops
I wanna see your panties drop girl now
All this time is wasted pretending we're in love
But that's alright cause you know
I love being with you and seeing you cry

Don't let go
(All this time is wasted)
Don't let go
(Pretending we're in love)
Don't let go
(But that's alright cause you know)
I love being with you and seeing you cry
But that's alright
