The price to come down the tracks realization
Will leave you numb (x4)

She's gotta pray for the life salvation we didnt
know
Just as she scared

She's gotta pray for the life salvation we didnt
know
Just as she scared

Its been preached from the beginning
Its hard sometimes to let it sink in
You try to be much more and I'll try not to forget

Take it or throw it all away now, Baby
'Cause no ones gotta save you
Say you needed this because
Say you need it all because

The confidence valed by barness and
Hatred will leave you on

The price to come down the tracks realization
Will leave you numb

Its been preached from the beginning
Its hard sometimes to let it sink in
You try to be much more and I'll try not to forget

Take it or throw it all away now, Baby
'Cause no ones gotta save you
Say you needed this because
Say you need it all because

Take it of throw it all away now, Baby
'Cause no ones gotta save you
Say you needed this because
Say you need it all because

Its time to see

Its time you know your all alone
Well then now you know
Well then now you know

Take it or throw it all away now, Baby
'Cause no ones gotta save you
Say you needed this because
Say you need it all because

Take it of throw it all away now, Baby
'Cause no ones gotta save you
Say you needed this because
Say you need it all because

You write it down, you run away (x7)
