Heartache takes me to town
This could be a problem
It looks like I'm falling
Heartache takes me to town
I was standing for so long
But never skip a beat

City is burning, burning by night yeah
I got this feeling again
City is burning and it's burning by night
Fire 'till the end

There's silence in between
But silence can deceive
Beware of your dreams
They may kill you in your sleep
The music lays you down
But never, never skip a beat

City is burning, burning by night yeah
I got this feeling again
City is burning and it's burning by night
Fire 'till the end

I got this feeling again
feeling again
feeling again ohoh
I got this feeling again
feeling again
feeling again ohoh
I got this feeling again
feeling again
feeling again
feeling again
I got this feeling again
feeling again

Fire (fire)
Fire (fire)
Fire (fire)
Fire (fire)

Fire,

City is burning, burning by night yeah
I got this feeling again
City is burning and it's burning by night
Fire 'till the end
City is burning, burning by night yeah
I got this feeling again
City is burning and it's burning by night
Fire (fire)
Fire (fire)
Fire (fire)
Fire 'till the end
