I will always keep my shit, underneath the surface
Because the way i flow, the mainstream don't deserve
this
I'm set out to break backs on tracks, and scratch on all
records that
You spit on wax
I'm a crazy motherfucker with pride
And I got enough wisdom to keep my soul alive
So grab a mic and lemme see if it shine
'cause' it's time to make this whole world mine, all mine

Everytime I see these people
They always just stop and stare
Like I don't belong in this place
So they say that it's not fair
I can't understand this drama
That the Earth brings down on me
So let me take you through my mind
Look in my eyes, follow me

Tell me, what's going on
And drop these bombs on you
Tell me, what's going on
And drop these bombs on you

I'm gonna tell you why I'm dropping bombs
Because I'm sick and fuckin' tired of seeing fire alarms
Little explosions, marshmallows roasting
Soft motherfuckers standing on the stage boasting
Now don't expect me to just walk away
Because I've been told y'all that i'm here to stay
I'ma still keep flowing, from coast to coast
And I'ma still keep smoking weed with juggalos
I'ma still bust caps, at all these hoes
And I'ma drop me a bomb off, at every show
That's how it is, so just grab your bow
Because it's time to represent and watch these warriors
grow

I can't understand this drama
That the Earth brings down on me

So let me take you through my mind
Look in my eyes, follow me

Tell me, what's going on
And drop these bombs on you
Tell me, what's going on
And drop these bombs on you
