Hey Ya'll

Come over here, check this out  
And gimme a minute of your time, but don't doubt  
Anything that I tell ya'll, listen up closely  
It's something ghostly, my ancestors told me  
Way back before we walked the earth  
It was so much cleaner cause it wasn't disturbed  
But there was still hatred and strugglin' for our color  
Cause if you had nothing you were bound to smother  
And I don't know why, cause helping hands should be a  
must  
It was written on the manuscript, in the book you trust  
Unless it's all just a way to get us arguin'  
Believe what you want, even if it's a life of sin

(Chorus 2x)

Hey ya'll  
Everybody gotta watch they back  
We alone, so watch your back  
Hey ya'll  
Everybody gotta walk in they own path  
But at the end, you can't go back

Ever since there's been a jail cell  
Murder's been committed  
Thou shalt not kill, and who's the one sinnin'?  
At the end of all of this, will they be judged?  
Punished for the life they took with no grudge  
Nowadays, things sure ain't changed  
There's a whole lot of states allowed to fry your brains  
That's cause lately we just burn it away  
Let them build they own prisons where their ass can  
stay  
It's a wonder how we let things happen  
I ain't special  
But I enjoy takin' it to another level  
Bad choices lead to a terrible afterlife  
So, just learn your wrongs from right

(Chorus 2x)

Hey ya'll

Everybody gotta watch they back  
We alone, so watch your back  
Hey ya'll  
Everybody gotta walk in they own path  
But at the end, you can't go back

Hey ya'll  
I don't mean to get ya thinkin' about  
Things that's gonna get ya down and out  
There just things I had to get up off my chest  
Cause I'm trying to relax and just do my best  
I don't wanna take a situation, and turn it upside down  
I just feel this world's fuckin' around  
I mean, who am I to judge?  
I just, I was raised to be strong enough  
Hey ya'll  
Do you understand what I'm saying?  
Hey ya'll  
My ancestors got me down on my knees prayin'  
Hey ya'll  
They keep tellin' me to spread the word  
Hey ya'll  
Cause when they come their gonna test what you have  
learned

(Chorus 2x)

Hey ya'll  
Everybody gotta watch they back  
We alone, so watch your back  
Hey ya'll  
Everybody gotta walk in they own path  
But at the end, you can't go back

Hey ya'll  
Hey ya'll!

Retaliation, what now bitch!!
