Back In Black

The day's are long, the time is wrong
I don't know where I belong
The night's are cold, there's no one to hold
Am I getting so old?

I'm back in black
So get the fuck out of my way
I'm back in black
I won't wait not another day
The moon is lost, the sun disappeared
Now the black has finally taken in over
Back in black, back in black

No one is in charge but me,
If you really love me then come on fuck me
Some say I'm evil, other say I'm crazy
Well I say to them
FUCK YOU!

I don't got the time to be wasted on you
Fuck you and all the shit that you do
I am me, I am black
And if you like then okay
But if you hate it the screw you

Chorus

Everything has gone bad, this is who I am
And all that I ever will be
If you got a problem the fuck me
I don't care I'm not here for you
Everything you've ever done wrong will come back to
haunt you

Chorus

Back in black, no one can take that away,
Yeah I'm back in black, that's okay
Back...In...Black
