On a day not very long ago  
On an ordinary mid-September morn'  
Without a single warning sign in sight  
A nation unexpectedly was torn

Silver eagles lost their way in flight  
Guided by an uninvited hand  
Tragedy and terror took control  
Led by the devil's own command

We'll never forget the sky that turned to smoke  
The fear that gripped our hearts that broke  
The tears that fell like pouring rain  
The living hell that caused the pain from  
Needless loss of precious lives  
Memories cut like jagged knives  
Edged in a mind for as long as there's time  
We'll never forget

They put every race and color to their knees  
The shattered spirits in one voice they prayed  
For their god and mercy on us please  
And give us strength to face another day

We'll never forget the sky that turned to smoke  
The fear that gripped our hearts that broke  
The tears that fell like pouring rain  
The living hell that caused the pain from  
Needless loss of precious lives  
Memories cut like jagged knives  
Edged in a mind for as long as there's time  
We'll never forget

Other seers helping hands  
Reaching out across the land, showed  
One nation under God  
Us together we all stand

We'll never forget the sky that turned to smoke  
The fear that gripped our hearts that broke  
The tears that fell like pouring rain

The living hell that caused the pain from  
Needless loss of precious lives  
Memories cut like jagged knives  
Edged in a mind for as long as there's time  
We'll never forget  
We'll never forget
