First, scattered, splash-'n-splatter from the whomb  
On the planet boy  
First emotions-'n-notions, to drink from that potion  
Mothermilk that fills still, nature's smooth like silk  
'Till you learn to kill for some lies, until  
You got profit to stuff it another piece you cough it  
Skinz go 'ooh'-'n-off on it power's the summit  
I guess sky is the limit see how you live it  
Any static outlive it  
Protection, you got it  
You thought you was flexible - ready - unquestionable  
Continue the pinnacle the cost will be maximal  
Outstretch the limit, too many toes you step  
Welplanned the trap and you think you can lapse  
Every step you got safeguard, beefy-ish bodyguards  
Troops that snoop for recoup 'n more reward, but

What it's revealin'  
Is a bad feeling about this

Got it wrong, all along guessin' on impressions  
Bullshit ! you should be passin' - not by causin'  
aggression  
Using people like sheep y'all, tell 'em follow so feeble  
With the strong you'll be down, just to snatch the crown  
Wetting heels, when problems mount like blizzard  
Lickin' like lizard - got them tight like scissors  
Playin' the wizard go hide the misses

It's all apart before pluckin' the real card

Hope you got some aces when the stakes will be raised  
as  
Sharks get stark before you fasten your shoelaces  
Haunt with taunts, riches get flaunt  
Blank expression their profession payback's what they  
want

These men fall so hard, man !

Succes ain't a snapshot that you glance at  
From your pocket

Luck moves like mad truck, life's gonna stop it  
Meanwhile people synthetic with tactics so plastic  
Elastic like spandex - natural-life prophylactic

These men fall so hard, man !
