[Nyoil]

So, when you hear me speak, and the things I say
I'm speakin to my people!

I'm holdin THEM accountable

Cause them the ones that have to fix they situation

I'm not gon' speak to no record label~!

Everybody keep comin at me on the message boards
sayin

"Oh, well, y'know, the real villain is the is the is the
corporations that that use these kids to make.."

No they're not the real villains

Because there has to be some accountability

You have to have some self-acc..

You have to say to yourself

"What am I gonna do that's right for me man?"

"What do I take.. when when.."

"When am I gon' take ownership for what I do, to me
and my people?"

"When do I do that?"

And when you do that, when a black man do that, when
a black woman do that

Our change will be so SUDDEN

That you would your head would snap

The day we take our PERSONAL accountability and hold
each other accountable

White man come into the projects, and kill a black baby

Oh we'd be out in the streets in vogues! All the
thousands of us

I can see 'em now, you dig?

But let this dude that's out in front of your building

killin hundreds of y'all with his drugs, and his guns,
and his filth

And y'all ain't got nothin to say to that dude

Y'all waitin for him to come home from jail so y'all can
give him a party

Sleep with him, roll up and smoke weed with him, you
dig

That's what y'all wanna do
