Yo what's good man this is N-Y-Oil man  
It's the little thing before the thing  
Yo I just wan' say man, I need y'all brothers to go out  
there  
and put y'all hand in your pocket and support this  
project man  
It's why hip-hop is dying  
It's not dying because the music is whack  
It's dying because brothers ain't supporting  
Artists that's makin real good music man  
If you appreciate good music man put your bread up  
man  
Show your support kid~! Y'knahmean?  
Ten dollars ain't a lot to spend on a good song pah  
y'knahmean?  
Real talk, ya hear?

[singing]

Don't rip me off, I'm supposed to be a brother  
Don't turn me down flat, can't you see that we need one  
another  
We gotta help one another, so don't rip me off  
I'm SUPPOSED to be a brother~!!!

[Nyoil - talking over singing]

Huh? Feel what I'm sayin?

[Nyoil]
