Phone's off the hook
No one knows where we are
It's a long time since I drank champagne
The ocean is blue as blue as your eyes
I'm gonna take it with me
When I go

Old long since gone
Now way back when
We lived on Coney Island
Ain't no good thing ever dies
I'm gonna take it with me
When I go

Far, far away
A train whistle blows
Wherever you're going
Wherever you've been
Waving good-bye
At the end of the day
You're up and you're over
And you're far away

Always foy you
Forever yours
It felt like just like the old days
I've worn the faces off all the cards
I'm gonna take it with me
When I go

Children are playing
At the end of the day
Strangers are singing on our lawn
It's got to be more
Than flesh and bone
All that you've loved
Is all you own

In a land there's a town
And in that town there's a house
And in that house there's a woman

And in that woman there's a heart I love
I'm gonna take it with me
When I go
I'm gonna take it with me
When I go
