Great moments they pass by  
If you're careless  
Desperately trying to speak the words  
I've been wanting to say for a long time.  
Tongue tied, every time I try to talk to you  
In time, I'll find the right line.

Caught a glimpse of you  
I tremble every time you walk by  
Hopelessly trying to find a way  
To be near you, to get near you.  
In my mind, plays thoughts of you all the  
time  
I'll find the right line

I'll bleed for you  
Like a new tattoo in my heart  
You'll stay permanent

Am I too late now?  
Will I find a way to get to you somehow?  
She's breaking me down again  
She's breaking me down
