I confess, I Confess  
That sometimes I lie  
Put a ribbon on your box  
Of empty promises, promises  
I prefer to rebel and to burn in hell  
Cuz if killing you is wrong  
I don't wanna be right

Refrain:  
If the world is against us  
Then we'll blow it away

Chorus:  
Oh youth, come and flood  
These streets  
All filled with deceit  
The minds of bright city kids  
Know who you are  
Gotta know who you are  
You gotta know  
Yourself first  
Switch a blade  
Pull the trigger just to feel alive  
Always feeding off the rush  
A brave front cover  
Fallen angels running blind  
Another pill won't hurt  
An escape, a release I'm delivered

(Refrain and Chorus)

Bridge:  
So pray, so I pray  
To believe in god  
When all your luck runs out  
Then that's all you got  
And I pray and I pray  
To believe in god  
When all your faith is dead  
Then you're all you got

(Refrain and twice Chorus)
