Hazel eyes
You have awakened me Opened my mind
Never thought love could come
A second time
Been wasting away
Killing myself
Closed all my doors
I wasn't the same anymore
Then you came along
Hazel eyes
Speak to me once more
You're words are a comfort
Discovered again that love could come
A second time
You played your part
Helped me restart
Mended these wounds
That once was tearing my heart
You came along
Under southern lights the mood is right
We move in closer together
Your lips press tight against mine
Stay with me
Under southern lights the mood is right
We move in closer together
Your lips press tight against mine
Stay, Stay, Stay,

You have awakened me Opened my mind
Never thought love could come
A second time
Been wasting away
Killing myself
Closed all my doors
I wasn't the same
You played your part
Helped me restart
Mended these wounds
That once was tearing my heart
Under southern lights the mood is right
We move in closer together

Your lips press tight against mine
Stay with me
Under southern lights the mood is right
We move in closer together
Your lips press tight against mine
Stay, Stay, Stay,

Stay with me
Stay, stay, stay with me
Stay with me
